**AquaTen**

## Dear Clients,

The company has been working for over a decade in the field of Water treatment, and has been importing the finest of the very best water products As well as manufacturing and exporting to various countries.

We offer a very wide range of products, starting with water / Soda dispensers, Water purification systems, various kinds of filters and filtration, Preventing scale solutions and many more accessories for all water systems/ dispensers, We guarantee the highest quality and the finest products, Making no compromises and offering nothing but the very best for our clients.

The company specializes in marketing to retailers, final clients, Institutional market and governmental offices. We hold the abilities of marketing products for most countries, Including Europe, U.S.A, Africa, and many more. As well we offer a most professional technical support, For the convenience of all our clients. The company holds a logistical center located in Israel, So we can operate the factories in China, the local market and the Import as well as exporting of the products, And providing the most fast and efficient service for the costumers Where ever they may be.

## Mini/Bar Matrix digital

- LG cooling system
- Hot & cold water tank made of stainless steel
- Large water capacity, suitable for business market as well
- Cold water tank – 5 liters
- Hot water tank – 2.2 liters
- Reheating system
- Electric taps to pour water
- Digital display screen
- Measures for mini bar: height - 496 mm, width - 320 mm, depth - 448 mm
- Measures for floor standing bar: height - 1096 mm, width - 320 mm, depth - 340.5 mm
- Option to install filters inside the dispenser
- POU or bottle option
- Safety lock for hot water

## Mini bar Smart

- Hot & cold water tank made of stainless steel
- Multi functional options + Languages
- Folding tray
- Adjusting temperature
- Setting times of work
- Measured cups
- Children safety lock
- Digital display
- Push button taps
- Various colors
- POU or bottle option

# Water Dispensers

## Bar/Mini Tiger digital

- Hot & cold water tank made of stainless steel
- Digital operation / option to adjust temperature
- Reheating system
- Ultra lightning
- On/off timer for setting times of work
- Measures for mini bar: height - 470 mm, width - 320 mm, depth - 300 mm
- Measures for floor standing bar: height - 970 mm, width - 320 mm, depth - 300 mm
- Various colors
- POU or bottle option
- Capacity – 80 cups per hour, hot & cold water

## Mini bar Trio

- Hot & cold water tank made of stainless steel
- 3 faucets - Cold water / hot water / room temperature water
- Digital operation / option to adjust temperature
- Reheating system
- Ultra lightning
- Safety block for hot water
- On/off timer for setting times of work
- Capacity – 80 cups per hour
- Measures for mini bar: height - 450 mm, width - 310 mm, depth - 310 mm
- Measures for floor standing bar : height - 950 mm, width - 320 mm, depth - 330 mm
- POU or bottle option

1040

## Mini/Bar Magnum digital

- LG cooling system
- Hot & cold water tank made of stainless steel
- Large water capacity, suitable for business market as well
- Cold water tank – 5 liters
- Hot water tank – 2 liters
- Reheating system
- Electric taps to pour water
- Digital display screen
- Measures for mini bar: height - 430 mm, width - 340 mm, depth - 290 mm
- Measures for floor standing bar: height - 119 mm, width - 340 mm, depth - 290 mm
- Cup dispenser built in
- Option to install filters inside the dispenser
- POU or bottle option

1020

1021

## Mini/Bar digital + bottom fridge

- Hot & cold water tank made of stainless steel
- Digital operation / option to adjust temperature
- Reheating system
- Ultra lightning
- Safety block for hot water
- On/off timer for setting times of work
- Capacity – 80 cups per hour, hot & cold water
- Measures for mini bar: height- 45cm, width - 310 mm, depth - 310 mm
- Measures for bar + cabin fridge: height - 950 mm, width - 320 mm, depth - 330 mm
- Bottom fridge – 19 liter
- Pou or buttle option

1010

1011

# Water Dispensers

## Bar/Mini Tiger

- Hot & cold water tank made of stainless steel
- Reheating system
- Ultra lightning
- Measures for mini bar: height - 470 mm, width - 320 mm, depth - 300 mm
- Measures for floor standing bar: height - 970 mm, width - 320 mm, depth - 300 mm
- Various colors
- POU or bottle option
- Capacity – 80 cups per hour, hot & cold water

1000

1002

1006

## Bar / Mini Angel

- Hot & cold water tank made of stainless steel
- Reheating system
- Ultra lightning
- Capacity – 80 cups per hour, hot & cold water
- POU or bottle option
- Safety block for hot water (optional)
- Measures for mini bar: height - 490 mm, width - 310 mm, depth - 310 mm
- Measures for floor standing bar: height - 970 mm, width - 310 mm, depth - 310 mm

1050

1051

# Reverse Osmosis & Water Purifications Systems

2200

## Reverse osmosis system for aquariums & agriculture use

Reverse osmosis system, without water tank and pouring faucet  
Option to combine with a float  
Capacity – 300 liter per day  
Membrane made in U.S.A

2000

## Reverse osmosis system – 6 stages

Membrane by "Filmtec" USA, including a taste improver (mineralization)

## U.V light bulb

Made for the extermination of bacteria  
Can be added to reverse osmosis systems and to standard water treatment systems

3300

## 3/4 Apartmental filter

Including a PP filter, 25 micron and filter – housing key Preserves pipe system Option to add phosphate crystal balls – for preventing scale

2600

## Electronic buster

Can be added to all osmosis systems

3200

2100

## Reverse osmosis system by "Pentek" U.S.A

American osmosis system, option to add the taste improver (mineralization)

# Reverse Osmosis & Water Purifications Systems

## S.L.R system

- Prevents scale damages in pipe system and electric devices
- A washable stainless steel filter built inside to keep the system clean at all time
- Contains phosphate crystal balls (made in Germany)

2500

## Apartment's external filter

- Contains phosphate crystal balls (made in Germany)
- Disassembles 80% of the scale accumulated over the pipe systems
- Electric devices, such as dishwashers, washing machines, and boilers
- Option to add a depth filter (25 micron)

2700

## Filtration system with 3 stages

- A pouring faucet and a filter to absorb bad smell and aftertaste Are included
- Option to add a mineralization filter

2400

## Filter for dishwasher / washing machine

Reduces the scale in dishwashers & washing machine  
Improves the quality of laundry

2900

## Shower filter

Reduces chlorine above 90%  
Improves the quality of water

2950

## Filtration system with 4 stages

- A pouring faucet and a filter to absorb bad smell and aftertaste Are included
- Option to add a mineralization filter
- Can upgraded up to 6 stages system

2300

**Carbon Filter With Screwing**

3110

**Rope filter 25 micron**

3020

**Depth filter 5-10 micron  
(by matrikx)**

3010

**Depth filter 5-25 micron**

3000

**Mineralization filter  
(taste improver)**

3090

**Granulated carbon filter**

3050

**Carbon filter 5 micron  
(by matrikx)**

3040

**Carbon block filter 10"**

3030

**Filter set kit**

3100

**Inline filter (U.S.A)**

3080

**Inline Pentek filter (U.S.A)**

3070

**Inline carbon filter –  
absorbs chlorine**

3060

**Membrane by GE U.S.A**

3140

**Membrane by filmtec U.S.A  
Available in 35,50,75,100 GPD**

3130

# Accessories & More

**Tap for water tank**

3550

**Faucet Fancy kind**

3530

**Water pouring faucet**

3530

**Standard cup dispenser**

3520

**Magnet cup-dispenser**

Suitable for paper/plastic/  
polystyrene cups  
Clings on with magnet / screw  
Various colors

3510

**One-Touch cup dispenser with magnet**

Drops a cup after another by  
pressing button  
Clings on with magnet / screw

3500

**Water tank gallon metal/plastic**

3560

**R.O shut-off (made in U.S.A)**

3570

**R.O shut-off**

3570

**Ball valve 1/4**

3590

**Metal Pressure Reducer**

3600

**Pressure Reducer**

3600

**Phosphate crystal balls (made in Germany)**

3670

**Teflon**

3660

**Pipe – 150 meter pipe roll**

3650

**Copper joint 3/4**

3640

**Tee connector 1/2**

3630

**Tee connector 3/8**

3620

# Accessories & More

**Bracket for inline filter**

4070

**Bracket for filters**

4060

**Tack connector 1/4**

4040

**Quick T connector with screw 1/4**

4030

**Quick T connector 6x6x6 mm**

4020

**Quick connector for two pipes 6x6 mm**

4010

**1/4 connector with screw rubber band**

4000

**B-Metal**  
89, 92, 97, 102, 105

4100

**Hot water tanks for "Angel", and "Tiger" and "Perfect" and "High Class" models**

**Thermostat for all dispensers**

4300

**Heating element for "High Class" digital model**

4400

**Heating element for "Platinum" and "Perfect" models**

4500

**Heating element for "Mini Tiger"/"Angel"**

4600

## More Taps for water dispensers

**Tap for Cold Water for the Angel Model**

**Tap for Digital "High Class" model**

5200

**Tap with Safety Block for Hot Water for the Angel Model**

**Taps for "Perfect" and "Platinum" model**

5100

**Cold and hot water tap for "Angel" model**

5000

**A float for "Angel" model (China)**

4900

**Float for "Mini Perfect"/ "Platinum"**

4800

**Float (Korean)**

4700
